Hello Diane,

Rather than me scheduling the meeting you have requested, I am asking Fred Mumford or have an assigned Site Manager to take the lead on scheduling the meeting. I am out on vacation 10/4 & 5.

Good morning

I would like to set up a call with you to discuss the Woodbrook Road Dump site, including the possibility of compliance averaging. Please let me know what days you have available in the next few weeks (10/4 or 10/11), please include Fred Mumford in the schedule.

Thanks
